

April 24, 2020

Dear Poltimore Family,

Your teachers and I miss you all so much!

We hope you are healthy and safe. It's great to know that our teachers and students are staying busy and positive while our school is closed. Keep reading to find out what everyone has been up to.

Mrs. Curry

Leah

Leah has been staying busy with her family. She has been baking yummy rocky road squares, playing with her little brother and painting some beautiful art.

Check out her incredible masterpieces!

Evrik, Eliza and Cora

Evrik, Eliza and Cora are staying busy on the family farm.

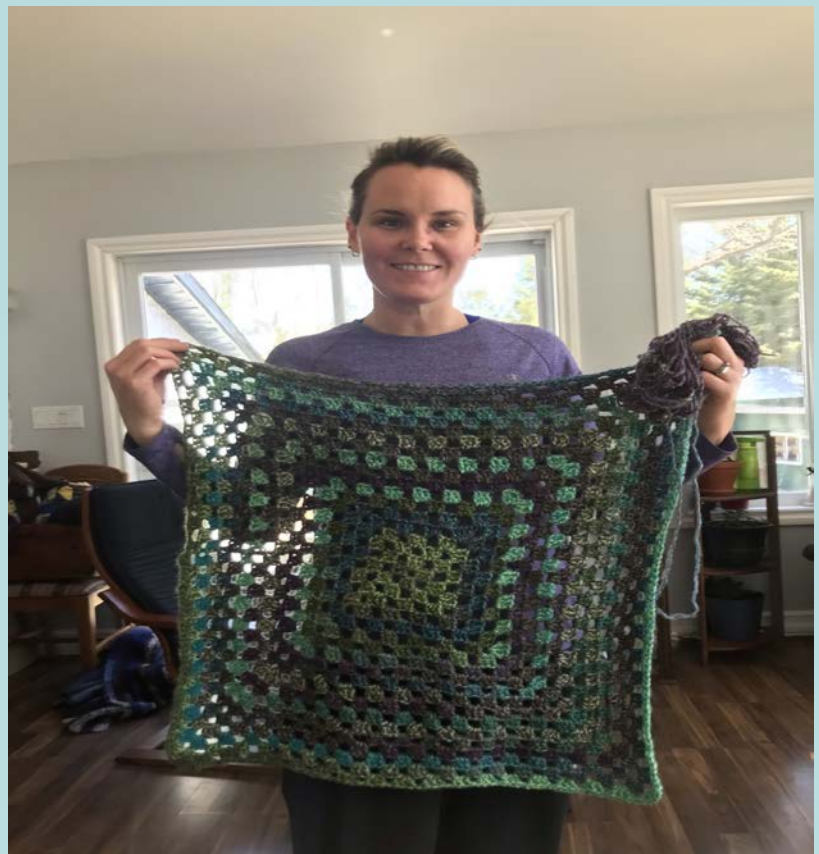

They have been exploring the cave---so neat!

Reading, school work and puzzles are also keeping them busy.

Ms. Hogan

Ms. Hogan has taught herself to crochet and is working on a giant granny square blanket. So cool!

Audrey and Abigail

Audrey and Abigail painted this beautiful rainbow at their house. It looks wonderful!

Mr. Shea

Mr. Shea loves seeing his students on ZOOM and they are finding ways to have a lot of fun. Here they are playing rhythm sticks together.

Zoey and Spencer

Zoey and Spencer miss coming to school but they are having a lot of fun spending time with their baby sister, Shelby. What a beautiful photo!

Madame Picklyk

Madame Picklyk and her creative family have transformed their kitchen island into a ping pong table-- complete with frying pan racquets!

She has a full house right now with her mom staying with her, her oldest son and his girlfriend along with her two other children! Her middle son has moved into a tent on the deck!

Madame is excited about her next project-- building a chicken coop for five chickens that will be arriving soon!

Ms. Whiting

On her daily walk, Ms. Whiting is beginning to notice signs of spring everywhere. The lakes and rivers are finally all open in her neighbourhood. A few days ago she even heard her most favourite Spring sound: the first Spring Peepers singing in the warmer weather!

Many of the summer birds are making their return, leaving rather messy evidence that they are busy building nests in the rafters directly above Ms. Whiting's car and also above her Muskoka chairs.

Her seeds have all become small plants, and she and her husband are busy building raised beds to house them when the weather gets warm enough.

Ava and Carleigh

Puzzles! Baking! Poetry! Art! Ava and Carleigh have been keeping very busy with many interesting, yummy and beautiful projects. Check it out!
